UKKA LELLE

JEWELLERY & LUXURY ACCESSORIES

Marilina Deligiannopoulou is the designer & founder of the brand UKKA LELLE.

Following her successful career in the luxury goods field, she decided to express her love for fashion & design by embarking on an exciting journey to design and create unique jewelry and accessories.

Her source of inspiration is the contemporary woman. The woman who is the master of her own destiny, yet she always celebrates her femininity. The woman who fiercely looks ahead with unparalleled style, creativity & power.

Marilina's jewelry and accessories are recognised for their great design, high quality of hand-picked materials and superb craftsmanship by selected Greek traditional craftsmen.

Her creations can be found in the Ukka Lelle flagship boutique in Athens, Kolonaki (32, Tsakalof str.) and in exclusive shops, luxury boutiques and concept stores in Greece and abroad. She regularly participates in numerous events worldwide promoting contemporary Greek design, and most recently by taking part in the exhibition on Greek jewellery at the Museum of Arts and Design in New York.
